## Centerville Zoning Is Approved

Centerville business would be restricted to the present downtown district if recommendations adopted Monday by the County Planning Commission are followed by the Supervisors.

A mixup in dates prevented any Centerville representatives from attending the planners' session, at which the county men agreed:

1. To zone both sides of Main Street commercial from the grammar school to a point some 200 feet north of Thornton Avenue.

2. To do the same for Fremont Avenue from Main Street to a point just beyond the Safeway store.

**Denied were shopping center sites further out Fremont and Main. The commissioners said they will consider these later as re-zoning applications.**

As in the case of Irvington (see next column) the commission explained it wants to see the area develop before zoning more of it for business.

Recommended for light industrial zoning were (1) the strip between Center and Baine Avenues, and (2) an area around the Clements plant, northeast of town. A setback was specified along Central to protect homes across the street.

The supervisors are expected to set the date for a final hearinng sometime next week.

### Fashion Show At WUHS Today

Washington Union High School's annual spring fashion show, "Stairway to Fashion," is scheduled for 1:30 Thursday afternoon, May 13.

Combining the talents and efforts of the Homemaking and Cooking classes, show is the culmination of many class activities and projects in which the girls have been engaged during the school year.

Members of the various planning committtees are: General chairmen: Marlene Maughn and Lorraine Duarte. Commentators: Isabel Ripoll and Anita Fletcher.

### Trout All Year Seen For Alameda Creek

**Trout fishing in Alameda Creek, a roaring success this spring, may become a year-round affair if the views of Gamewarden Fred Rogers are accepted by his bosses.**

**Rogers told the Centerville Chamber of Commerce on Monday that he counted 1500 cars beside the creek on opening day, and that the sport "is the finest thing we can find to keep juveniles off the streets."**

**Rogers asked and got a letter from the chamber to the commission thanking them for the program and asking it be continued. He said the commission will plant another 5000 catchable-size fish this week, and that "fishing in Alameda Creek might become a 'year-around affair."**

## MRS. EMILY TELLES, SISTER OF JUDGE, DIES AT 86

Funeral services were held last Saturday for Mrs. Emily Mattos Telles, 86, resident of San Jose for 67 years and sister of the late Judge John G. Mattos.

Mrs. Telles died at her home on Sunol Road earlier in the week.

Mrs. Telles was the wife of the late Mathew Rose Telles, pioneer rancher. She was the mother of Adeline, Frank, Lawrence, Louis and John Telles and Mrs. Leonora Pereira, all of Mission San Jose; Mathew Rose Telles Jr., of El Cajon, Mrs. Marie Lopes of San Leandro and William Telles of Plymouth.

She was the sister of Anna, Mariana and Lenora C. Mattos, all of Centerville and the late Judge Mattos, former state senator.

Mrs. Telles is also survived by five grandchildren; six great-grandchildren and two foster grandchildren.

Services were conducted from Chapel of the Palms, with Requiem Mass at St. Joseph's Church, Mission San Jose, and interment in St. Joseph's cemetery.

## PARKING LIMITS FOR CENTERVILLE

One-hour parking may be a reality soon on Centerville's Main Street, Secretary LeRoy Broun reported to the local chamber of commerce on Monday that State and County officials told him they are working on such a program.

Broun said his informants explained the restrictions would (1) run from Central Avenue north to Center Street, (2) that parallel parking as requested by the chamber would shortly be instituted on Center Street, and (3) that 20-minute parking would be started in front of the Postoffice.

## 2d HIGH SCHOOL SLATED FOR IRVINGTON

Irvington has been selected as the site for the next high school in Washington Township.

This word came today from Andrew K. Logan, trustee of the high school district and chairman of a committee to pick the new location.

**Logan said his committee has been negotiating with Lloyd Bailey, owner of widespread ranch properties, for a 22-acre site on Cooks Road, just south of Irvington and west of Highway 17.**

Bailey reportedly has offered to sell the property for $66,000. It has a frontage of 688 feet on Cooks Road and is 1500 feet deep.

Logan added the trustees will meet tonight with representatives of the county and local organizations such as the Irvington Sanitary District to see if the site merits approval. Then, he said, the trustees will decide whether to meet Bailey's price.

"We're also looking for a site in the Decoto area," Logan confirmed. "But we won't move until the Irvington location is settled."

Logan explained the trustees are acting on a survey recently conducted by Vice-principal Irving Hird. Findings were:

1. The present high school's $1,000,000 annex probably will be filled to capacity by the time it is finished next year.

2. Population increases will warrant another school at once, and a third one a few years later.

**Logan said Decoto now furnishes more high school students than any other town, but that with new subdivisions a-building, "Irvington probably would pass it before we could finish a school."**

However, he went on, "We may have to build two at once."

Bond money voted 18 months ago will pay for the sites. A total of $1,500,000 was authorized. Since the annex cost less than $1,000,000 and furnishing and remodeling the old buildings will consume about $300,000, the trustees have money left for the new sites.

A campership was given to the Irvington Girl Scout troop, and the members approved the recommendation of the executive board to purchase 10 record players for the school with the money left over in the treasury.

Sal Galvan, supervisor of Irvington Youth Center, and member of the Washington Township Recreation Project Committee, explained the survey to be undertaken by the committee prior to the establishment of a Township Recreation District. All organizations in the community will be asked to participate.

Mrs. Joe Burnsed, PTA recreation chairman was appointed Irvington chairman of the Project Committee survey.

## JOSEPH BROWN, 75, DIES IN HOME

Services were held this morning for Joseph Brown, 75, who died Tuesday of natural causes at his home on Santos Road.

He is survived by his wife, Mary, and the following children: John J. Brown of San Diego, Vernon Brown of Centerville, Ruel Brown of Niles, and Ralph Brown of Newark. He also leaves 11 grandchildren.

Brown, a retired farmer, was a native of Tico, Azores Islands, and resided in this community for over 20 years.

Funeral arrangements were by Chapel of the Palms, Centerville, with mass at Holy Ghost Church and interment at Holy Sepulchre Cemetery.

The meeting of the Niles Fire Commissioners has been postponed until next Tuesday night, due to the death. Brown was the father of the secretary of Commissioners, Ruel Brown.

## IRVINGTON ZONING WOULD BAN GIANT SHOPPING CENTERS UNTIL TOWN GROWS; LARGE LOTS OKEHED IN MISSION

Chamber of Commerce wishes to restrict business to the existing downtown district of Irvington were followed, generally, in last week's re-zoning recommendations for the town announced by the Alameda County Planning Commission.

**Commissioners declined to zone commercial large tracts north of town, as requested by promoters of shopping centers.**

They explained at a final meeting in Oakland that they will lend an ear to such projects if Irvington develops as indicated—not before.

In their recommendations to the County Supervisors, the commissioners went a step farther and cut back commercial zoning on Highway 17 to the south edge of the grammar school. Formerly business zoning had extended to the north edge of the school property.

Only concession was made for two shopping centers in the proposed Conway-Culligan tract south of town.

Lot sizes around Irvington generally were smaller than those for Mission San Jose, also considered at the final meeting.

In historic Mission San Jose, the recommendation followed closely the suggestion of the chamber of commerce there, asking for more spacious subdivision lots.

There the existing small business section was recommended for enlargement to include a shopping center along Irvington Road, as planned by Charles A. Russell of Niles.

No industrial sites were shown in the Mission area.

Industry was earmarked along the railroad tracks in Irvington, from Durham Road to Highway 17 south of town, and around the PG&E plant.

North of Irvington, the commission recommended against industrial zoning for the Stivers Ranch, saying it is poor policy to zone land simply because it happens to fall within one ownership.

On Tuesday, Senior Planner Sanford Farness appeared before the Irvington Chamber of Commerce to explain the recommendations. Farness said they are "flexible" and can be changed as the area grows.

Bill Humpert, head of the chamber's zoning committee, challenged some of the recommendations, and served notice his group will seek to have them changed at a hearing some weeks hence before the Supervisors. Humpert specifically mentioned 12 acres next to the grammar school owned by Dr. E. M. Grimmer, which he said "is badly needed for a big shopping center which plans to go there."

**Jack Parry said he now agrees that land along Driscoll Road should be zoned in the city-size lots, since subdivisions there were started on that basis.**

President A. E. Alameda referred the recommendations to Humpert's committee for action before the Supervisors.

## Vail Wins Contract Despite Bartell

Over the protests of Supervisor Harry Bartell, his colleagues voted Tuesday to renew the county contract which permits Township Ambulance Co. to operate here.

It was a victory for Bernie Vail, Centerville ambulance and taxi owner. Bartell had bitterly attacked Vail at a series of hearings, claiming he was forced to wait and then was overcharged when Vail's ambulance picked him up after an accident near Decoto last year.

Vail was supported by several Township chamber of commerce representatives: Allan Walton, Bruce Michael and Gordon Cotton.

Also supporting Vail was Supervisor Chester Stanley. He refuted Bartell's argument that Vail's ambulance service is a mere sideline to his taxi business.

Supervisors Clifford Wixson and Kent Pursel voted for Vail, while Bartell voted "no" and George Janssen abstained.

Vail had submitted a bid of $580 a month minimum fee to keep two ambulances on a standby basis in the Township. Two rivals submitted higher bids, and would not guarantee to base ambulances here.

## FRANK MARTIN WUHS STUDENT PREXY

From a field of five candidates, Frank Martin last week was elected to the office of president of the Washington Union High School student body for the 1954-55 school year.

Frank, son of Mr. and Mrs. Tony Martin of Decoto, is currently serving as president of the Junior class

In a closely contested race, Jerry Sanford, Warm Springs, emerged as the successful candidate for vice-president. Marlene Dutra, Irvington, was elected to the office of secretary. Treasurer will be Rita Sanchez, Decoto, who was unopposed as was Isabel Ripoll, Alvarado, in her re-election as yell leader.

Madeline Hernandez, Hayward, will be the new cafeteria bookkeeper and Shirley Emmett, Newark, will suceed her sister, Connie, as editor of the Hatche t,the school paper.

## DE FOREST HEADS 1954 CRUSADE

Don De Forest, who piloted Kimber Farms Inc. to United Crusade heights last year, will head the 1954 Crusade in Washington Township.

De Forest was selected last week Norris Nash, chairman of the East Bay United Crusade, was on hand to wish De Forest luck and to announce that this year's Crusade will stress "decentralization.' Nash said local people will be given increasing responsibility to run the drive, and to determine its needs.

### Capt. Condon, Wife Hurt in Crash

The Condons were en route home after visitinng a daughter in Wichita, Kansas when their auto lost a wheel and turned over. Both reportedly suffered fractured ribs, but returned to Californina Wednesday following treatment.

## DEMO CARAVAN HERE SATURDAY

The first assembly will be held at 10:30 at the Hillview Crest proposed shopping center lot. The caravan will then proceed to Decoto at 11 o'clock; Alvarado at 11:30; Newark at 12; Centerville at 12:30, followed by lunch at the International Kitchen.

The public is invited to join the party at lunch to meet the candidates.

## NEWARK WOMAN 'RETIRED' IN 1923, MANAGES LOCAL FACTORY AT 80

When Mrs. Elizabeth Morcombe's husband decided to come to California in 1923, she sold the newspaper she published in Storm Lake, Iowa, and retired.

But upon arriving in San Francisco, she found that idleness did not suit her, and although she had no children, she joined the P T A of the Parkside school which was in her neighborhood.

She was immediately appointed publicity chairman, and in quick succession she became State and then National P T A publicity chairman.

She was awarded an honorary life membership for her excellent work, and she still pays dues every year to the Parkside unit.

Mrs. Morcombe was born in Dubuque, Iowa, on April 26, 1874. She worked to pay her way thru high school and college, and after graduation from college, she worked for the Buena Vista "Vidette" in Storm Lake. Eventually she became owner and publisher. While working for the paper she met Joseph Morcombe, editor of the Cedar Rapids Gazette, and they were married after their second date. That was in 1915, and the marriage lasted until he died in 1942.

Mrs. Morcombe had regularly taken her P. T. A. publicity work to a printing shop in San Francisco operated by W. L. Mackey. When her husband died, she was 68 years old, an age when most people are settled in their rocking chairs. She told Mackey she was looking for work, and he countered by asking if she would work for him.

He had just invented a type of building tape which is used to cover the joinings between sections of sheet rock; and he asked her to take charge of that enterprise. The business outgrew its quarters in San Francisco, and when in 1949 Mackey decided to establish a larger plant in Newark, she came here as manager.

As manager, she oversees the manufacturing, does all the bookkeeping, and even helps out in the shipping room. She wants to retire, and had May 1 set as the definite date, but the plant is operating at top capacity now, and Mackey wants her to stay awhile longer.

One of the first men employed at the W. L. Mackey Company in Newark was Everett "Tiny" McNulty, who started to work there shortly after his graduation from Washington Union High School in 1945. He has been there since except for two years with the Army Signal Corps in Korea. He returned from service in January of this year; and Mrs. Morcombe says he will be plant manager if she ever achieves her dream of retirement.

Every morning this 80-year-old woman walks the mile from her home at 746 Magnolia street to the plant at Birch road and Baine avenue. She lets McNulty drive her home at night, but the morning walk is her "constitutional."

Her brother, Joseph Sohm, superintendent of the California Packing Corporation, had open house at his home in Oakland a week ago Sunday in honor of her 80th birthday. A nephew, Olin Sohm, lives in Niles.

**The L. D. S. Church** building fund was swelled with the proceeds from the luncheon held at the Women's Country Club in Centerville on Wednesday. Mrs. Ruth Hilton of Oakland presented an interesting lecture on her trip to the Holy Land and displayed articles which she brought home. Solos were rendered by Mrs. Rex Boles of Hayward. Mrs. Clyde Lindsay was in charge and she received assistance from Mrs. Artie Green of Niles.

DAPHNE TAYLOR, NORMAN ROSE JR.

## DAPHNE TAYLOR WEDS NORMAN ROSE IN EASTER RITES AT CENTERVILLE

Daphne June Taylor, daughter of Mr. and Mrs. John Taylor of Centerville, and Norman James Rose, Jr., son of Mr. and Mrs. Norman Rose, Sr., of Niles were married Easter Sunday at Holy Ghost Catholic Church in Centerville. Rev. Vincent Breen officiated at the afternoon ceremony.

The bride wore a waltz-length gown of nylon tulle over white satin, with a bodice of Chantilly lace. A pearl headpiece secured her fingertip veil, and she carried a bouquet of white roses centered with a beige cymbidium orchid.

Ann Mae Briar, of Centerville, her matron of honor wore a powder-blue nylon net gown of ballerina length, and carried a corsage of yellow carnations.

James Murphy of Niles was best man. A reception at the bride's home for family and close friends followed the ceremony.

Following a honeymoon at Surrey Inn, Guerneville, the young couple are making their home at 361 South Main Street, Centerville.

Both Daphne and Norman are graduates of Washington Union High School. Norman served in the Marine Corps, stationed ini Hawaii.

## SUZY SEZ...

Orchids to the Sheriff's officers who were so nice to the little Centerville girl when she visited the station. She found out that the law officers are nice fellows, after the 'scare' stories her schoolmates told her.

Onions to the folks who continue to dump spoiled garbage along the roads, providing poison for stray dogs, or pets.

It certainly annoys me when the television announcer seems to be peering over my shoulder while giving his speech. I know he's reading prompt-cards, but still I don't like it.

I've been told that a yawn is a trick used by husbands in order to open their mouths once in a while.

His garage creeper makes such a nice toy that a Centerville man has to scour the neighborhood to find it before he can repair his car.

The five or six-foot fences common in the Township tracts certainly make it hard to get the latest news "over the back fence."

I offered to make dollar pancakes for Sunday breakfast, and our youngest was disappointed when they were round, not in rectangular bill shape.

I'm still wondering about the shower invitation a Township lady received, announcing a party being given by and for two complete strangers.

Anyone know how many men still use their watch pockets? They seem to have become useless, like buttons on jacket sleeves or the bottom vest button.

Better not mention any mischief done by the child whose mother says she wants to know if he disobeys her. She'll be on the war-path—against you!

A Newark woman was saying as she purchased a toaster for a wedding gift that she's noticed most people give the bride and groom what they would like themselves.

One Township woman finally got her carpenter husband to do some home repairing by hiring some of it done. He couldn't afford to pay someone else to do it, so he took over the job himself.

That Newark woman who put off celebrating her youngster's birthday until a more convenient week-end, can ease her conscience by hearing about the Centerville mother who avoided the birthday of her son entirely, even to destroying the birthday cards he received!

I stopped in to visit an Irvington family and noticed that their toddler was like most children, and preferred kitchen tools to toys. Current favorite is an egg-beater.

If Junior turns his nose up at milk, do as a Niles grandma suggests, rub the rim of the glass with orange skin, a mint leaf or some vanilla.

Do you agree? "Nothing gives you that run-down feeling like jay walking."

So long * * *

## RECREATION PLANS TOLD FOR NEWARK

The summer program of the Newark Recreation District is scheduled from June 20 to August 27, with all activities suspended for the two-week period of July 18 to July 30. These two weeks coincide with the peak of the Apricot cutting season which hires many of the boys and girls of Newark.

The swimming program will cover two sessions of four weeks each, the first session from June 21 to July 16, and the second from August 2 to August 27. The hours are from 9 to 10:30 on Tuesday, Wednesday, Thursday and Friday mornings, at Hidden Valley. One group of children will be taken two days a week, and another group the other two days.

Because of limited transportation facilities the swimming program will be open only to boys and girls from grades 3 to 8. No lessons will be given, as this is primarily for recreation not inwill be given to help the children become better swimmers. Sign struction, although some pointers up for swimming will be held June 1.

# MISSION SAN JOSE NEWS ITEMS

By TEDDY PEREIRA

BAD WEATHER on Mothers Day did not dim the gay spirits of their children for so many "moms" beamed over their beautiful corsages and boasted of going out to dinner and trips with their children. In my books one day a year isn't half sufficient to honor them.

ALTHO WE EXPECTED to lose Mrs. Emily Telles, nevertheless we felt it keenly when she passed away (Wednesday). I have never seen such devotion throughout their lives the Telles children extended to their mother.

MR. AND MRS. BEN TAMERDAHL played it smart and took a weeks vacation before the tourist season starts by visiting friends in Oregon.

THE MISSION PALMS restaurant is now in operation and all of us wish them success.

MRS. OCTAVIA YOUNG extended her son-in-law, "Tex Crum," a delicious birthday dinner.

FROM VALLEJO, Mr. and Mrs. Frank Steinmetz of Vallejo spent the week-end visiting their mother here.

HI, THERE, you proud Underwoods and why not, when such a mighty sweet little baby girl decides to be one of your family—Congratulations.

"DON'T YOU CARE" Bill Wingett even if your wife and I have kidded you over having chickenpox at your age, we really do feel badly.

GEORGETOWN, in the high Sierra's was the weekend destination of Helen Santos and Marie Feleciano. They were the guests of Mr. and Mrs. Wm. Santos.

THE WARREN WILSONS are enjoying relatives from Denver.

AND THAT REMINDS me Mrs. William Wingett is thrilled as her family, Mr. and Mrs. O. B. Olson of Wadena, Minn., are vacationing here.

REMEMBER Max Sigrist? Well he now resides in San Mateo but paid his Mission friends a recent visit over the weekend.

TALK ABOUT a nice birthday you sure rated Beverly Mederios! Name any place for dinner, such lovely gifts and beautiful birthday cake!

SORRY to learn of Edwin McNemar Jr. having undergone surgery in a Navy hospital. Understand Ed is improved now.

THIS TIME it wasn't Virginia, but Johnnie Felciano who made the good catch as he and his friends chartered a boat off the Golden Gate Sunday.

THE KID made the Marines, meaning 18-year-old Charlie Neely. His mom tells us Charlie takes off for Boot Camp this week.

## St. Jude YLI Will Honor Joanne Rose

Members of St. Jude YLI displayed original creations in a hat parade at the April 27 meeting, with prizes going to Mrs. Mae Rivers for the most original hat, Mrs. Mae Pimentel for the prettiest, and Miss Lenore Rafferty for the funniest.

Refreshments and decorations were arranged by Mrs. Mae Avila.

Mrs. Ann Perry is chairman of a committee planning a reception for Joanne Rose at the Dominican Convent in Mission San Jose on May 23. Miss Rose, the daughter of Mr. and Mrs. Harry Rose, Irvington, is president of Little Rose Junior Institute YLI, which is sponsored by St. Jude. She was recently elected grand vice president of the State Junior Young Ladies Institute.

St. Jude YLI attended evening benediction on the first Saturday of May at St. Joseph's Church, Mission San Jose, and made a presentation of flowers to our Blessed Mother.

Six members represented St. Jude at the official visit of Mrs. Eileen Alameda, district deputy, at All Saints Institute in Hayward, Tuesday, May 4.

Past presidents of the YLI held their monthly meeting May 3 at the home of Mrs. Bertha Rose, Irvington. New officers were installed.

Isabel Vargas retired to past president; Bertha Rose is president; Antoinette Cordeniz vice-president; Ann Rose, secretary-treasurer; Mae Avila, corresponding secretary. June Lewis, president of St. Jude Institute, Rose Marshall, first vice-president, and Mae Rivers, second vice-president, were guests.

The group decided to dress dolls as their project for the fall bazaar of St. Joseph's Church, Mission San Jose. They plan to attend the annual district past president's dinner May 13 at the International Kitchen.

## Ban Trailer Camp In Mission San Jose

The county planning commission last week denied an application by John J. LeBlock to establish and operate a 19-unit trailer camp on the east side of Vallejo Street in Mission San Jose, one-quarter mile south of Pine Street.

The commission made its recommendation stating that LeBlock's blueprints showed "no proper sewage facilities" and that the area for the proposed trailer camp will be zoned residential under a plan now under consideration before the supervisors.

# Pinch-Hitter's Homer Aids Huskies In 7-2 Triumph Over Campbell

A grand-slam homer by youthful Bill Waters and the steady pitching of Bob Hird assured the Washington Huskies of their second S.C.V.A.L. win last Thursday, as the locals dumped Campbell, 7-2.

The win pushed Washington into a three-way tie for second place with a 2-3 record. The Huskies have two games left to play; Live Oak this afternoon, and Mt. View next Thursday.

The Malemutes trek to Morgan Hill today to face the last place Acorns. The Acorns have won only one of their five starts but are still regarded as a threat.

The home-run swat played the major role in last week's triumph. The Huskies started things rolling in their half of the first when third sacker Jess Pineda unloaded a homer deep in left center. Frank Velarde who had walked to open the inning, scored ahead of Pineda.

The Bucs picked up their only two tallies off Hird in the third on two singles, two walks, and a wild pitch.

**The Orange and Black came back in the bottom of the third and chalked up one more, to take a 3-2 lead. Shortstop Ed Fletcher was given life on an error after one was out. Fletcher then stole second and moved to third on Don Santo's Texas league single. The alert Fletcher then scampered home as Buc chucker Larry Sutton pitched wild.**

The Malemutes put the game on ice in the fifth as they picked up four big runs. After two were out, first baseman Craig Bellati picked up his second single of the day. Sutton then lost his control and issued bases on balls to Raul Orozco and Dan Rodarte, filling the bags. Husky mentor Gene Johnson then inserted Waters as a pinch-hitter for Gordon Stefans.

Waters made a coach's dream come true as he banged out a grand slam homer, cleaning the bases and giving the locals a 7-2 win.

Santos and Bellati paced the Huskies at bat, each picking up two singles.

Hird allowed five hits, struck out eight and walked five in earning his second victory. Only two of the Bucs' hits went out of the infield.

The Fremont Indians cinched their hold on first place last Thursday as they beat Mt. View, 9-3.

Los Gatos won their second straight game defeating Santa Clara, 12-6.

This week's schedule:

## Bells Too Tough,

Bellarmine handed the Washington Husky nine a 10-4 defeat last Tuesday in a practice tilt on the local diamond.

The Bells jumped on pitchers Claude Rodriguez, Bob Hird, and Al Hernandez for 11 base hits, while the Huskies picked up only seven off righthander Larry Seegar.

The Malemutes' biggest inning came in the sixth when they scored three times on three safeties. Frank Velarde's two-run triple was the big blow.

Ed Fletcher collected two singles to pace the locals.

## HUSKIES WIN NO-HITTER, 7-3, OVER SAN JOSE

Three Huskie hurlers, Bob Hird, Claude Rodriguez, and Al Hernandez, combined their pitching talents last Tuesday and came up with a no-hit ball game, as the locals came through with a 7-3 win.

Hird twirled the first two stanzas, striking out five and walking one.

Rodriguez took over in the third and struck out one and passed two in his brief stint.

The left-handed Hernandez finished up the last two frames, fanning one and walking three.

All three of Tech's runs were unearned.

The Malemutes won the closely fought contest with a 6-run fifth inning rally.

Third sacker Jess Pinedas' 3-run homer was the big blow in the inning.

Archie Delao paced the Huskie attack, collecting two singles in two trips.

## CAMPBELL SPIKES SHRED HUSKIES

By BOB HIRD

The Campbell Bucs won every event except one last Friday as they trounced the Washington Hi thinclads, 105 1/4 to 18 3/4, on the winner's oval.

The Huskies' only moment of joy came in the pole vault, where Don Cameron tied three Campbell bamboo-wielders for the first place with a jump of 11'6".

Cameron barely missed one try at 12 feet.

**This Week's Question: Where do you think the proposed high school should be built?**

"Centerville, because it is centrally located in the Township." Mrs. Evelyn Leonard, 153 North Main, Centerville.

"I would like to have it in Irvington, so that my grandchildren could go to school near-by. Also, Irvington will be built up a lot more soon." Mrs. Helen Gomes, Box 527, Irvington.

"Between Niles and Centerville, close to the county building." Melvin Correia, RFD Box 75A, Newark.

"It would be nice if it were here in Mission San Jose." Mrs. W. R. Ball, 360 Escobar, Mission San Jose.

"Between Irvington and Warm Springs." Mrs. Helen Kohler, Irvington.

"It should be built outside of a town, Centerville, for example, instead of in town." Mrs. Thelma Willis, 201 Vallejo, Mission San Jose.

"I think Niles would be all right." Bill Odom, Route 1, Box 45, Niles.

"I think it should be down around Newark." Joseph Silver, 553 Olive Street, Newark.

"Between Centerville and Newark, where it would be convenient for all the kids." Thomas Alpisa, 124 Dondero Way, Centerville.

"I think it should be built near Decoto because they have to go so far now, and there are so many children here." Mrs. W. L. Cox, 1860 Warner, Decoto.

"It'd be nice to have it around here, but since there are more people toward Centerville maybe the high school should just be made bigger." Mrs. Jerry Hudson, 339 I Street, Niles.

"I live in Hillview Crest and would like to have it as close to there as we could get it." J. I. Lewis, 1125 Olean, Decoto.

# READERS WRITE US

Editor, Sir:

Please accept our appreciation for your interest in the polio vaccination field trials. I am sure it helped a great deal.

You will be interested to know that in the two-day period approximately 8000 children were vaccinated.

There were many children that had to drop out because of colds, sore throats, and the spring outbreak of measles and mumps.

The clinics ran very smoothly and we were very pleased with the program. It would not have been possible without the enthusiastic support of the many volunteer mothers and physicians.

The second injections will be given on May 12 and 13, and the final injections on June 9 and 10.

Sincerely yours,
James C. Malcolm, M.D., M.P.H.
Health Officer

# Goold, Trustees Seek 50c Tax Boost in May 21 Poll

On Friday, May 21, voters of Washington Township will go to the polls to select the citizens who directly oversee the operation of the public schools They will be voting for members of the boards of trustees of their local elementary schools and of the high school.

Also on the ballot will be an item of extreme importance to the future of secondary education in our area, says Principal J. V. Goold of Washington Union High. Said Goold in a public statement today:

"For many years the high school districts of the State have been authorized to tax at the rate of 75c for each $100 of assessed valuation for the support of the schools. Postwar economic conditions coupled with the rapid growth of California's school population have made the 75c tax rate a very rare item. Because the effect of these conditions are now being keenly felt in this locale, the Washington Union High School district is in immediate need of additional tax revenue.

"With the prospect of 1300 students for the opening of the 1954-55 school year, a bugget of about $503,000 will be necessary. The increased enrollment will necessitate the hiring of about ten new teachers which, with normal salary increases, will add about $41,000 to last year's total salaries of $220,000. Five new custodial personnel will be needed to maintain the existing school plant and the soon-to-be-completed $1,000,000 addition. One new school bus will also have to be purchased.

"The cost of instruction is rising year by year. Textbooks which a short time ago sold for $1.75 have soared to $4.00. Multiplied by the increase in pupil population, we can learn that the cost of instruction will jump from last year's total of $22,000 to a new high of $31,000.

"The problem of additional income is apparent now. It is also possible to see how imperative a tax increase will be when the present high school reaches its 1600 student capacity. Additional teachers, classified personnel, instructional materials, and transportation will be required.

"A recently conducted population-and-growth survey by Vice-Principal Irving Hird revealed the wisdom of seeking sites for two additional high schools in the district. Current income must be set aside for these vital purchases.

"Considering the importance of our system of secondary education and its future in Washington Township, the Board of Trustees of the Washington Union High School district has deemed it necessary to increase the tax rate by 50 cents. Such a step requires the approval of the majority of the voters of the distric.

"The latest figures available from a California research organization indicate that there are thirty-six high school districts in the State which compare in enrollment with the Washington Union High School disrict. Of these districts, thirty-one have found it necessary and have voted to increase their tax rates, some by as much as $1.00. The average daily attendance of Washington Union High School will be entering into the group of twenty schools which have between 1000 and 2000 students, it is interesting to note that all of these schools have exceeded the 75c tax maximum.

'Citizens who go to the polls on May 21 and cast their ballots for school trustees and for the acceptance of the high school's 50c tax increase will be voting for the continuance and the furtherance of one of our greatest heritage—our public school sysem."

# STANDARD PAY FOR TEACHERS HERE IS STUDIED

A uniform teacher salary schedule for the entire township is under consideration in the nine elementary school districts, following recommendations by trustees at a meeting last week in Mission San Jose. Uniform wages will "attract high quality teachers," board members declared.

Some smaller districts may not be able to meet the schedules this year, it was indicated, but the over-all pattern will serve as a goal for the future and will eliminate inter-district competition, trustees agreed.

The schedule provides for salalries beginning at $3750 and defines additional qualifications leading to increased pay. The proposed program is being prepared for distribution to the nine districts.

Several trustees hinted the agreement may lead to the organization of a Washington Township school trustee association. Sam G. Scott and Charles B. Snow of Newark were asked to draw up tentative by-laws for presentation at another meeting to be held next fall.

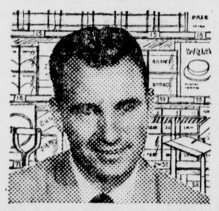
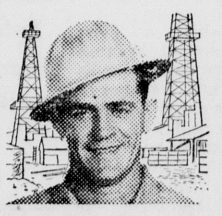
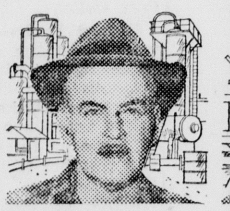
Who gets the money Standard takes in?



**Goods and services**—from paper clips to professional services—cost us $324,743,000. It was spent with thousands of firms, large and small.



**Crude oil** was a big item. To supplement our own production we bought $135,600,000 worth—an important sum to crude oil producers.



**Wear and tear,** depreciation and upkeep cost $157,834,000. Part of it will replace worn-out facilities, but millions went to workmen, technicians.

**New construction,** such as refinery facilities, to make more and better products, cost $145,000,000. This helped meet builders' payrolls.

**Exploration** to replace oil our customers use is a vital operation. Our stepped-up search for new oil reserves cost $79,000,000 in 1953.

**Employees' wages** for time worked took $163,947,000 of our income. Another $43,000,000 went for employee benefits for Standard Oilers.

**Taxes** paid by Standard to U. S., states, counties and cities amounted to $106,300,000—enough to buy plenty of fire trucks, schools, bridges.

**112,000 shareholders'** profits came from what was left. They received about 5½¢ on each dollar's worth of stock. Total: $86,020,000.

**Your picture** belongs here, too. Because most of the $1,156,757,000 Standard Oil Company of California took in last year ended up with you—the public. Whether one of the hundreds of millions of dollars worth of checks Standard wrote last year was sent to you, or spent with you, or helped make possible better gasoline and oil for your car, you and practically everyone else in the West benefited. Thousands of merchants and professional people in hundreds of towns profited from the pay checks Standard Oilers spent. Our tax payments helped finance schools for your children, parks for vacationers, and bridges for motorists. Carpenters, steelmen, lumberjacks benefited from the facilities we built and the maintenance work we did. It all fits together: 1953 was a good year for Standard because so many of you thought our products well made and worth buying. And by making it a good year for us, you made it a good year for many others.

## CAROLLING AROUND NEWARK

By JEANNE AND GENE CARROLL
Newark 3-3564

**Polio pioneers** — Many little arms were bared for the first of three shots of the Salk polio vaccine last Wednesday at the school—a repeat performance for the 2nd shot took place yesterday. Children in the 1st, 2nd and 3rd grades whose parents had requested the vaccine were released from classes to facilitate the operation. The first hand report given by our little pioneer (Gary) went like this—"shucks, it didn't hurt at all." So far at least there has been absolutely no after effects.. If a year from now the nationwide test gives evidence that the Salk vaccine does successfully immunize against polio then all the little "polio pioneers" will be heroes — God Bless them.

**Who next?**—Now we find a Congressional committee investigating the "coddling" of a few athletes by the Army so they were able to play ball for camp athletic teams. How silly can they get? Are they going to investigate the "coddling" of Joe Blow the tuba player in the base orchestra next? Or the 'coddling" of Johnny Anybody who sits at a desk pushing a pencil from 8 to 5 with Saturdays and Sundays off? Athletes are good publicity and fair game but we think that the nation would profit more if our lawmakers would expend some of this energy in economizing governmental expenditures so they can bring us tax relief without budget deficits. That's one man's opinion.

**Election**—May 21 is the date set for us to go to the polls and select 2 new school trustees from the 5 candidates and of course give a complimentary vote to Sam Scott, incumbent member of the board, unopposed for reelection. We promised a brief introduction of the five candidates and we will do so now,although it would have been better if you had met and talked with them at the "meet the candidate" night at the P. T. A. last Tuesday.

**Lillian E. Kettman** — Ladies come first and Mrs. Kettman would like to be the first lady (to our knowledge) to serve on the school board. Mrs. Kettman was born in Newark, daughter of Mr. and Mrs. John Freitas Sr., and received her education in the Newark school and Washington High. She is married and has two children attending the grammar school. Mrs. Kettman is a member of the Confraternity of St. Ann, S. P. R. S. I., and P. T. A. She has been employed the past three years as a clerk in the Post Office

**Buford Barks**—has a keen interest in the school because three of his five soon to be six children are grammar school age. Barks came to Newark 4 years ago and has lived in the area for seven years. He is a member of the Chamber of Commerce, Kiwanis Club, Knights of Pythias, serves as chairman of the Men's Council of the Presbyterian Church and is a member of the executive board of the Steelworkers Union. Local 3367. He has been employed at Pacific States Steel for seven years and works as a heater in the rolling mill.

**Ray Bernardo**— is a local product as he was born, reared and educated in Centerville. He has lived in Newark for 19 years. Bernardo derives his interest in the school from two sources, first because two of his three children attend classes in the grammar school and secondly by heritage. His father, Manuel Bernardo, serves as a trustee on the High School Board and is a member of the Sanitary District board and now the younger Bernardo displays the same interests. He is a member of the Holy Name Society and the P. T. A. and has been employed at Morton Salt for 3 years.

**Louis Caldeira**—is not a local product, having been born in Santa Clara county but he can almost qualify by virtue of his 30 years of local residence. Caldeira doesn't have any children in school; his grew up and got married. However he has always been interested in his community and this year he is vice president of the Chamber of Commerce. He is also a member of the Washington Township Men's Club. Calderia has served the Newark Fire Department for 21 years; 15 as a volunteer and the past 6 as a full-time salaried fireman. He holds the rank of Assistant Fire Chief. He also operated the Newark Hardware store for four years.

**Willard Walker**— came to Newark from the mid-west some 17 years ago. He has a son and daughter attending the Newark school and his wife Betty, is finishing her term as president of the P. T. A. Walker not only gets his interest in the school through them but also because his family, father, brother and sister all served schools either as trustees or teachers. Walker originally started studying to follow the teaching profession before switching his interest to engineering. He is employed as a maintenance machinist at Leslie Salt and has been with them 4 years.

Now the decision is in your hands. Two new trustees will be elected from the above candidates and we know you will do your part. Don't fail to go to the polls—it is your right as an American and your duty as a good citizen of your community.

**Housewarming** — Thursday night Walter and Dolores Lindsay's attractive new home was the scene of a housewarming and it now radiates the friendliness and happiness it acquired from the party. Sharing host and hostess honors with them were Mr. and Mrs. H. J. McDermott and the guests included: Mr. and Mrs. Clive Hopper, Mr. and Mrs. Francis Winkle, Mrs. Clyde Lindsay Jr, Mr. and Mrs. Frank Nunes. Mrs. Merle McDermott, Mrs. Ray Harris, Joe Faria and Ralph Gould.

## THE MESSAGE OF DIEN BIEN PHU

For the United States, the fall of Dien Bien Phu has consequences which for the present can only be guessed at, but which are likely to be fateful in the extreme. This much we know: It frees Red legions to overrun most of the rest of Indo-China, and it gives a tremendous lift to international Communism at a critical time.

Beyond that lies another possibility—that we will be called upon to take over the defense of Southeast Asia from the faltering hands of the French and the trembling hands of the British. Already Americans are being conditioned by our government for this possibility. We are told, and probably truthfully so, that if Indo-China goes, the last footholds of the free world in Asia are in deadly peril.

Does this mean the U. S. should commit its troops to the defense of Indo-China? Let's examine past events in Asia to be able to peer a little more accurately into the future.

France and Britain, the two great colonial powers, have shown a growing disinterest in defending Asiatic outposts. For seven years France has fought an expensive losing war in Indo-China. Finally she succumbed to the dangerous idea—as the United Nations did in Korea—that the war could be "limited." French generalship immobilized 12,000 men in the saucer of Dien Bien Phu. Only possible military purpose of such a maneuver was to lure the Viet Minh guerillas out into a pitched battle.

This much of the project was accomplished. Only, when the Reds committed their divisions to besiege Dien Bien Phu,, the French failed to launch a flanking counterattack with the rest of their armies — a counterattack which would have been the only excuse for bottling up 12,000 men in a poor defensive position.

Now the French want to negotiate a peace with the rebels. We can imagine what terms dictated by the Reds would be. Likewise the British prefer to rely on negotiations-and-trade with the Communists, rather than a "lead from force." America puts no trust in dealings with the Communists. We recognize that trying to live with them any closer than at the end of a bayonet is like taking up housekeeping with a rattlesnake.

Yet American opinion is against further wars in Asia. We have the bitter experience of Korea behind us. Korea was bad enough, what with the token support we got from the rest of the U. N. And Korea was next door to Japan, our fortress and supply base in Asia. Indo-China, much further removed from any such base, would be infinitely tougher to fight a war in.

The fall of Indo-China to the Reds would be a grave tragedy, perhaps leading to graver peril for us in the future. But unless our allies show more inclination to fight by our side, unless they will shoulder more of the burden, there can be no question of American involvement on any significant scale in Indo-China.

## VOTE FOR THE BEST

Elections for trustees of elementary schools and high school will be held in Washington Township on May 21. These are the "grassroots" elections in which local voters have a chance to pick public servants who exercise a lasting influence on our children. For this reason it is important that the best possible trustees be chosen.

This year, new state laws permit several of our school districts to add two trustees, making a total of five on the board. This was a logical step in view of the added responsibilities which have been thrust on our growing schools.

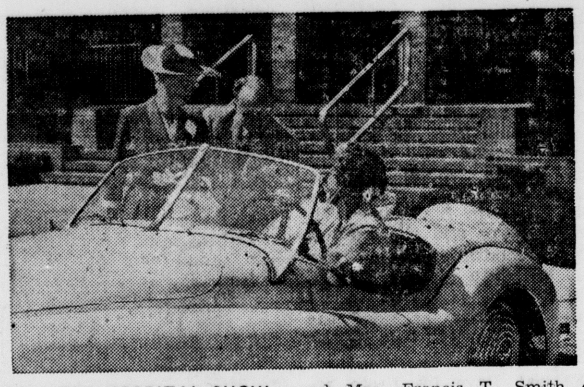
In the districts where these new trustees are to be chosen, voters should be especially careful with their "X" mark. Any combination of less-than-topnotch men could topple the careful work of years. We should not allow our judgment to be swayed by personal preference or arguments of friends. Instead, we should carefully check the qualifications of each candidate, test those qualifications against those of his opponents, and decide for ourselves the person we want to set policy for educating our youngsters.

## SCRAMBLED PRECINCTS

It's an old, sad story—the one about voting precincts. Voters here get cards telling them to cast ballots in as many as three different schools, and nobody seems able to do anything about it.

The trouble stems, it seems, from the fact that school district and precinct lines don't coincide, and from the added problem that we don't have proper street numbers. Up in Oakland, election officials can't tell whether John Whoziz, RFD 1, Niles, lives in the Decoto or Centerville or Irvington School District. To be safe, they have to send him cards for all the districts and tell him to find out for himself where he ought to vote.

The mixup has been going on for ages. It gets worse every year. The County finally authorized a survey to see how street numbering in the rural areas can be standardized. We hope something is done soon.



WORK FOR HOSPITAL SHOW—Mrs. W. Harold Oliver, general chairman of the Branches, Children's Hospital of the East Bay, with Dr. Tom Wilson, of Niles, president of Sport Cars Unlimited and Mrs. Francis T. Smith of Sycamore Branch, inspect Mrs. Smith's yellow "Jag." All three are working for the forthcoming Concours d'Elegance scheduled for May 16 at Diablo Country Club.

## PUBLIC INVITED TO SPORT CAR SHOW SUNDAY TO BENEFIT HOSPITAL

More than 50 sport cars—each a glamour queen in its class—are getting the full beauty treatment from their proud owners this week in preparation for the Concours d' Elegance to be held at Diablo Country Club Sunday, May 16, under the joint sponsorship of Children's Hospital of the East Bay and Sports Cars Unlimited.

To dazzle the thousands of spectators expected to attend the event, these aristocratic cars of both domestic and foreign manufacture will be displayed together with the fairest of hospital Branch members modeling the latest in women's fashions from a leading women's shop.

In announcing the event, Mrs. W. Harold Oliver, general chairman of the Branches and Dr. Tom Wilson of Niles, president of the sports car club, declared that no two cars will be alike. Each roadster is already a winner in its class from other concours, road races and rallies.

"This is the first true concourse of champions on the west Coast," they said.

Between the hours of 1 and 4 p. m., the sport cars will be driven in turn onto specially constructed staging on the practice-green. After commentary on the special features of the car and the apparel being modeled, the cars will move on to the practice-fairway where guests will be able really to look them over. The owners will be on hand to answer any questions about carburetors, transmissions and horse power. The curious will be able to peer under hoods, study dashboards and steering wheels and examine the sporty upholstery and design.

All guests at the affair will have access (by reservation) to dining and other public rooms of the Diablo Country Club on that day.

Tickets are being sold in advance locally by Toyon Branch members and member clubs of the Sports Car Council, at $1.00 each for adults. Children under 12 will be admitted for 50c.

Dr. Wilson is in charge of entries, while members of Sports Cars Unlimited will act as marshalls, directing traffic.

Proceeds of the event will benefit the Children's Hospital.

## SISTER FIGHTS FOR CENTERVILLE MAN'S ESTATE

A sister, assertedly cut off with $5, has filed suit to contest for the $120,072 estate of Jose Pereira Amaral, Centerville rancher, who died last November at the age of 87.

Amaral's will dated Jan. 22, 1938, and modified Aug. 23, 1940, left everything except $5 to his housekeeper, Miss Louisa Amelia Goulart, for her 30 years' service. She was an adopted daughter of Amaral.

The will is being contested by Amaral's only surviving sister, Mrs. Rose A. Xavier of Centerville, who got the other $5. She claims in affidavits filed in Alameda County Superior Court that her brother was "not competent" when he executed the will and was "unduly influenced" by Miss Goulart.

Except for $1,300 in cash the estate consists entirely of real estate and farm lands in Washington Township.

The estate is represented by Attorney E. A. Quaresma of Niles. Mrs. Xavier is represented by Attorney Frank Nunes, Hayward.

Nearly 500,000 bales of California's famed Acala cotton moved through the Port of San Francsico in 1952.

The Holy Ghost Fiesta will take place in Alvarado this weekend, May 15 and 16.

Alvarado traditionally has the first Holy Ghost each year, four weeks after Easter.

Miss Marlene Claire Pinto, daughter of Mr. and Mrs. Frank Pinto, Sr. of Alvarado, will reign as queen, assisted by side-maids Rosemary Alvarez, of Alvarado, and Myrna Jean Dutra of San Leandro. Her cape holders are Adele Allegre, Alvarado, and Carol Raldas and George Placido, Jr., of San Leandro. Bar holders are Elaine Pinto, Mary Ann Travers, Betty Jean Pimentel and Alice Andrade.

The small queen is Judy Quadros of San Leandro, and her sidemaids are Darlene Dolin and Janice Flores of Hayward.

The celebration will begin on Saturday evening at 7 o'clock, when the small queen accompanied by officers of the SDES and the band, leaves the SDES chapel, and meets Queen Marlene and her attendants at the home of Mr. and Mrs. M. C. Pinto, Jr. They will proceed to the home of Mr. and Mrs. Frank Silveira, where last year's queen, Frances Alvarez, will present the crown to Queen Marlene.

After the parade returns to the chapel, there will be fire-works, followed by dancing to Pinto Brothers Orchestra at SDES Hall on Watkins street. Sunday's festivities will begin shortly after 9o'clock, with a parade from the chapel to St. Ann's Church. High Mass will be solemnized by Father Thomas P. Gilbert, and the queen will be crowned.

Following Mass the parade will reform and proceed to the chapel. The famous Portuguese **Sopa e Carne** will be served free to the public at noon. Last year, more than 3000 people were served.

During the afternoon there will be the traditional auctioning and booth, and the Pinto Brothers orchestra will play again for the dance, which is free of charge.
